ANIMAL HEALTH REQUIREMENTS FOR EXHIBITION OF DOMESTIC ANIMALS IN INDIANA 2018

GENERAL REQUIREMENTS FOR ALL SPECIES

This document describes the Indiana State Board of Animal Health's (BOAH) requirements for all animal exhibitions in the state. HOWEVER, exhibition organizers may impose additional animal health requirements as a condition of entry. BOAH recommends contacting the exhibition organizer for specific information about requirements for each event.

Please call the Indiana State Board of Animal Health at 877-747-3038 with questions concerning animal health requirements.

A. Limitations on Exhibition

This section describes limitations on exhibiting animals in Indiana. Other exhibition limitations may be described in the species-specific requirements that follow.

- 1. Failure to meet all animal health requirements will result in removal of animals from the exhibition premises.**
- The following animals are not eligible for exhibition in Indiana:
 - a. Animals that originate from a herd that is under quarantine.
 - b. An animal prohibited from exhibition under any law or order.
 - c. Any animal classified as a brucellosis "suspect".
 - d. Animals showing signs of any infectious or communicable disease or that are a health hazard to people or other animals.
 - e. Any animal that does not meet state animal health requirements.
- Any animal that develops or shows signs of any infectious or communicable disease during exhibition must be removed from the premises, including the surrounding exhibition grounds. An owner who is disputing the exclusion of his/her animal(s) from exhibition may not exhibit the animal in question pending any appeal.

The State Veterinarian is authorized to make the final determination as to an animal's eligibility for exhibition. The state veterinarian may order removal of any animal from the exhibition grounds.

Exhibition organizers may impose health requirements in addition to those prescribed by BOAH. Added requirements may not contradict requirements imposed by BOAH.

Exhibition organizers may have a licensed and accredited veterinarian review animals and animal health documentation during the exhibition.

B. Certificates of Veterinary Inspection

- 1. For animals that originate in Indiana**, contact the exhibition organizer to determine the certificate of veterinary inspection (CVI) requirement, if any.
- 2. For animals that originate outside the state of Indiana**, the exhibitor must have a properly completed official certificate of veterinary inspection (commonly known as "health papers") for the animal. This CVI requirement applies to all domestic animals (except for fish).
- A certificate of veterinary inspection on any animal coming from outside Indiana for exhibition in Indiana is valid for 30 days from the date it is issued by a veterinarian.
- Certificates of veterinary inspection accompanying animals for exhibition must be completed by a licensed and accredited veterinarian who has personally inspected the animals. CVIs must clearly include a description of each animal including the age, sex, and breed of the animal, and the official, individual identification.
- Out-of-state swine and cattle attending an Indiana exhibition must have a pre-entry permit number noted on the certificate of veterinary inspection. Permits are available online at: <http://www.in.gov/boah/2661.htm>.
 - a. Certificates of veterinary inspection for all out-of-state swine and cattle going to the Indiana State Fair must have the import permit number for the 2018 Indiana State Fair, "INSF18", written on the certificate.
- Out-of-state poultry and hatching eggs attending an Indiana exhibition must be accompanied by one of the following documents:
 - a. An official certificate of veterinary inspection completed by a licensed and accredited veterinarian within 30 days immediately prior to the animals entering Indiana.
 - b. If the poultry or hatching eggs are from a flock participating in the National Poultry Improvement Plan (NPIP), they may move with the appropriate NPIP inspection/testing/participation certificate or records.
- Out-of-state cervids (reindeer, fallow deer and CWD non-susceptible species) must have a permit approved by BOAH at least 5 business days before the movement. Contact BOAH cervid programs to obtain a pre-entry

- permit.
8. A copy of the official certificate of veterinary inspection for each animal exhibited must be on file at the State Veterinarian's office prior to the opening day of the exhibition.

C. Identification

All exhibition animals must be permanently and individually identified by an acceptable method. Official ear tags are tags approved by the USDA. General Announcements

1. Hair: There are no restrictions on hair length for hogs shown in any of the 4-H shows. However, the buyer for all market hogs from our fair, whether it is an auction hog or general out hog, has requested that all hogs have ½" of body hair or greater. If your hog has less than ½" of hair and causes a stoppage in

- production at the buyers facility, the buyer has the option to withhold payment on that hog. In that situation, the 4-Her will forfeit all market proceeds for that animal.
2. Classes to be posted the night before the show. All changes must be reported to Terry Melloncamp or Mark Wischmeier by 10:00 a.m. the day of the show.
 3. All 4-H auction and out hogs not being taken home for personal use or going to the State Fair will be loaded out following the auction on Saturday, July 28. All out hogs not being sold on the auction but going to the locker for personal use will be loaded out beginning 7:00 AM on Friday, July 27. All hogs purchased on the auction and being sent to the locker will be loaded out following the auction. Any 4-H swine being taken home for breeding purposes or to be shown at the State Fair can be loaded out beginning 7:00 AM on Friday, July 27. Hogs going home for breeding purposes or to be shown at the State Fair could be dismissed earlier in the week depending on weather or other conditions. Early dismissal will be at the discretion of the livestock superintendents.
 4. No hog will be allowed to leave the fairgrounds and return later in the week to participate in the livestock auction or loaded on the out hog trailer.
 5. Pictures of 4-H auction hogs will be taken between 9 a.m. and 12 p.m. Wednesday, July 25. **At the time the pictures are taken all 4-Hers MUST know the destination of all non-auction hogs and report this to LouAnn Hoevener. At this time, any unaccounted for non-auction hogs become the 4-Hers responsibility and payment is forfeited.**
 6. All 4-H Swine must have the RFID tag in the left ear and county ear tag in the right ear to show at the Fair. These tags will be placed in the ear before the mandatory enrollment deadline on May 15, 2018.

The open class carcass barrow entry **must be exhibited under the 4-H member's name and must be shown by either the 4-H member or the 4-H member's sibling** to be eligible for the 4-H Barrow Show. Carcass barrows shown under a non-4-Her or different 4-Her's name will not be eligible to show in the Tuesday, July 24, 4-H Barrow Show.
 8. Also, in order to maintain adequate pen space for the Saturday Open Breeding and Carcass entries, all 4-H swine entries not being exhibited in the Saturday Open Breeding and Carcass Show are asked to stay out of the Swine Barn until after the conclusion of the Carcass Show. All 4-H entries are to be penned by 7:00 a.m. Monday, July 23.

The 4-H program in Jackson County is an active, educational, recreational learning group for boys and girls in grades K-12. It is open to everyone. 4-H is not just “cows and cookin’,” but it includes so much more; such as shooting sports, weather, creative dramatics, entomology, photography and crafts, just to mention a few of the 70 project areas from which a child can learn. Not only do 4-H members learn skills, they are the future leaders of our community.

4-H is not just for youth, but for adults as well. 4-H, in order to be successful, needs good strong volunteer leaders, local sponsors, parents, community support and Extension Educators representing the Cooperative Extension Service of Purdue University.

In addition to the regular 4-H Program (grades 3-12), there is also Mini 4-H, which is open for youth in kindergarten, first and second grades. This is an excellent opportunity for young children to learn about and become familiar with 4-H and its educational, interesting and fun challenges. Mini 4-H’ers may exhibit in the following mini projects: bicycle, cake decorating, crafts, foods, forestry, garden, health, livestock, models, reading, scrapbook, sewing and wildlife.

All 4-H exhibits must be owned or made by the 4-H members and meet exhibit requirements. For regular 4-H (not mini) a completed record sheet for each project must be submitted by Wednesday, July 18, 2018. The 2018 project records should be in the front of the green folder with the “Record of Achievement” dividing 2018 records from previous years. These record sheets will be collected at the 4-H Building and Brownstown Elementary School.

Ribbons will be awarded on the Danish system with each color ribbon awarded depending on the quality of the exhibit. Champion and Reserve Champion ribbons are also given if merited.

If you would like more information about 4-H and how you can become involved, contact your local Extension Office at 812-358-6101. Jackson County 4-H enrollment is due by January 15.
